

# FILM PREMIERE KATI KATI

Since 2008 the film production company One Fine Day Films, founded by Tom Tykwer and his wife Marie Steinmann, supports young filmmakers from Africa to realize their projects. Fascinating results have emerged, such as the feature film NAIROBI HALF LIFE, which was the first Kenyan contribution to the Oscars® in 2012. KATI KATI, the current production of One Fine Day Films celebrated world premiere at the Toronto International Film Festival this fall where it was awarded with the FIPRESCI Prize in the Discovery Program. The project work of One Fine Day Films is just one example of how Africa and Germany can close ranks creatively and economically.
